Subject: Appreciation for Good Service

I had a very difficult pregnancy but because of the doctors, nurses, nursing assistance, staff and housekeeping of Toho Women's Clinic who all went out of their way to make my pregnancy, delivery and hospital stay comfortable and as safe as possible. I can't begin to express how impressed I was with the care I received. The doctors, nurses and assistants were absolutely amazing. I only have good words for everyone. Even language barrier was not a hindrance for me to received the best care possible.

Both me and my husband felt we were provided with the most professional, knowledgeable, and caring doctors, nurses and assistants. Every question and concern was answered in a timely and serious manner. The facilities are top notch. We couldn't have picked a better place to have our baby. We are very thankful and pleased with the service. Thank you very, very, very much.

We will forever be grateful to everyone. And will tell everyone of our excellent experience.

I am sorry but I am poor in memorizing names but all are equally nice and caring. Kudos to all of you and more power.

Sincerely,

Maria Carmen Valera
